**ORDINANCE NO. 1999-M - 47**

**AN ORDINANCE AMENDING CHAPTER 13.08 "ELECTRICITY"  
BY ADDING 13.08.240, "SMALL GENERAL SERVICE -  
RATES, CHARGES AND SERVICE REQUIREMENTS"  
OF THE ST. CHARLES MUNICIPAL CODE**

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ST. CHARLES,  
KANE AND DUPAGE COUNTIES, ILLINOIS, AS FOLLOWS:**

1. That chapter 13.08, "Electricity," of the St. Charles Municipal Code, be and is hereby amended by the addition of the section 13.08.240, entitled "Small General Service - Rates, Charges and Service Requirements."

\* 13.08.240      Rate 3      Small General Service - Rates, Charges and Service Requirements.

A. Availability.

1. Electrical energy is available under the Small General Service rate to any customer using the city's electric system for all requirements other than residential service where such customer has a monthly peak kilowatt demand of less than or equal to 25 kilowatts during the previous eighteen billing periods and no more than one billing period where the kilowatt-hour usage is greater than 2000 kilowatt-hours within six successive billing cycles during the previous eighteen months. Any customer whose monthly peak demand has exceeded 25 kilowatts in the previous eighteen billing periods or has exceeded one billing of more than 2000 kilowatt-hours during six successive billing periods in the previous eighteen billing periods will be billed at the rate described in Section 13.08.260.

B. Charges for this rate shall be as follows:

1. Monthly Customer Charge. The net monthly customer charge shall be seven dollars per meter.

2. Energy Charge. The net energy charge shall be as follows:

\$.084 per kilowatt-hour	Summer Months
\$.059 per kilowatt-hour	Non-Summer Months

For purposes hereof the "summer months" shall be the customer's first monthly billing period with an ending meter reading date on or after June 15 and the three succeeding monthly billing periods.

3 Minimum Charge. The net minimum monthly charge shall be the net monthly customer charge

4 Gross Charge. The gross charge shall be ten percent more than the sum of the net customer charge and net energy charge.

C. General Requirements:

1. The customer's wiring shall be so arranged that all service hereunder may be supplied through a single metering installation adequate for a normal load equal to the maximum thirty-minute demand of the customer, at a power factor of eighty-five percent lagging. Except in multi-occupancy business premises where each business shall be serviced as an individual customer. Nothing in this rate shall be deemed to preclude a residential occupancy on the customer's property from being served as a separate customer on a residential rate

2. Measurement of Demand and Kilowatt-hours Supplied. Where two or more metering installations are provided on the customer's premises, the demand in any thirty-minute period shall be determined by adding together the separate demands at each metering installation during such thirty-minute period except that:

In case the demand at any metering installation is registered by an indicating or cumulative demand meter, the demand at such installation in each thirty-minute period of any month shall be assumed to be the same as the highest demand in any thirty-minute period of such month.

Where two or more metering installations are provided on the customer's premises and are for the same customer, and if one or more installations qualified for rate 5 and one or more installations qualified for rate 3 then the metering installation readings shall be combined and billed at rate 5.

3. The terms and conditions stated in Sections 13.08.010 through 13.08.210 apply to this rate and service hereunder shall be subject thereto. “

2. That after the adoption and approval hereof this Ordinance shall (i) be printed or published in book or pamphlet form, published by the authority of the Council, or (ii) within thirty (30) days after the adoption and approval hereof, be published in a newspaper published in and with a general circulation within the City of St. Charles. This ordinance shall be effective immediately upon approval.
